

The cyclodextrins of **CYCLOFRESH®/ CYCLOFRESH® PLUS** can be compared to buckets. These buckets can be filled with fragrances up-front.

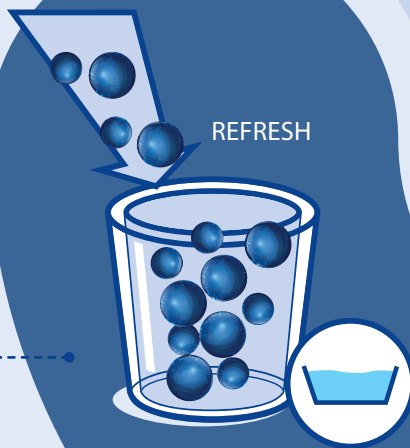

**READY  
FOR ACTION  
AFTER EVERY  
WASH.**

The fragrances are released when the buckets get in touch with moisture.

In the machine wash, the cyclodextrin bucket is filled again with fragrance from the detergent or softener. The bucket is ready for action again.

Empty bucket.
